SKILLS

Solutions & Customer-Facing Skills:
Requirements gathering, workflow analysis, cross-functional collaboration, stakeholder communication, solution demos, technical documentation

Technical Skills:
Django, React, PostgreSQL, Supabase, Docker, NGINX, Git, DigitalOcean, AWS

WORK EXPERIENCE

Lincoln Financial Group - Remote   October 2025 - Present
Developer (Contract)
- Partner with Customer Experience and Continuous Improvement teams to translate business needs into user flows, Figma prototypes, and interactive demos across GP, RPS, and Wellness Path portals.
- Collaborate with engineers and stakeholders during discovery, journey analysis, and sprint planning to document workflows and support experience-focused decisions.

CENTRO Inc Nonprofit - Worcester, MA   Sept 2024 - July 2025
Web Developer
- Delivered a production Django website by working directly with nonprofit stakeholders to gather requirements and design usable admin tools for content and donations.
- Owned deployment and infrastructure (PostgreSQL, Gunicorn, NGINX, DigitalOcean), reducing hosting costs by 40% while ensuring reliability and scalability.

WeCan Initiative - Worcester, MA   Oct 2024 - May 2025
Software Developer
- Co-developed a Django web platform and mobile app supporting scheduling, redemption tracking, and donations for community programs.
- Built staff-facing admin workflows to manage users, pickups, and communications in a real-world operational environment.

Inner Voice Outer Change Nonprofit - Worcester, MA   Feb 2024 - Nov 2024
Web Developer
- Built and deployed a Django-based website with program pages, media, and donation workflows, providing full administrative control for non-technical staff.
- Led end-to-end development from planning through deployment, ensuring long-term sustainability and ease of use.

GOLF & LEADERSHIP

Bay Pointe Club - Onset, MA   Part-time
Pro Shop Assistant
- Supported daily golf course operations including tee time management, pace-of-play coordination, and member services.
